

MT. STERLING ADVOCATE.

VOLUME XXX

MT. STERLING, KENTUCKY, TUESDAY, MAY 10, 1921

NUMBER 60

Good Roads Meeting Here Saturday P. M.

Hon. H. G. Garrett, member of the State Highway Commission, will address the voters of Montgomery county at the Courthouse Saturday afternoon at 3:30 o'clock in the interest of the bond issue which will be voted on May 28th. Mr. Garrett is thoroughly conversant with the facts relative to the road question and every voter in the county, whether for or against the proposition, is urgently urged to be present and get the facts first hand. It is also hoped that it may be possible for Mr. Joe S. Boggs, State Highway Commissioner, to be present at this time, and he has signified his intention of being here if his duties will permit. The question now before the voters of Montgomery county is whether we will vote a bond issue of \$250,000 to be expended on thoroughfares on which the State and Federal governments will bear three-fourths of the cost, in other words, whether we want one million dollars' worth of roads had enough to put up \$250,000, and thereby be permanently relieved of their maintenance and upkeep. The Advocate is heartily in favor of the issue, but advises all its readers and friends to come out Saturday and hear Mr. Garrett and then form their own opinions as to the merits of the proposition to be voted on May 28th.

Seniors Entertained

The Country Women's Club entertained on last Thursday night with a picture show party at the Tabb in compliment to the faculty and senior class of the Montgomery County High School. All present greatly enjoyed the Norma Talmadge picture, after which they adjourned to the club rooms, where the loveliest sort of refreshments were served. The guests were: Prof. M. J. Goodwin, Prof. Junius Lewis, Mrs. Ila See Zimmerman, Miss Grace Maxwell, Miss Marguerite Newmeyer, William Cord, Robert Moss, George Darsie, Miss Nannie May Coons, Miss Ida Calk, Miss Robin Calk, Miss Elsie George and Miss Anna Laura McCracken.

Sewell Boys Discharged As Evidence Insufficient

At the examining trial of William and Haydon Sewell, before Judge E. W. Senff on Saturday the defendants were discharged, the evidence against them being purely circumstantial. The Sewells were being held in connection with the killing of C. P. Stephens and were out on bond. Mr. Stephens, a prominent business man of this city, was attacked and robbed by two unidentified men several weeks ago, being found in an unconscious condition. He was rushed to the St. Joseph Hospital, in Lexington, where he died later. It was while he was in a semi-conscious state that he accused the Sewell boys of being his assailants, but the evidence on account of his condition was not considered sufficient grounds to hold them.

MENEFEE COUNTY VOTERS HAVE VOTED BONDS

The bond issue question has been duly considered and acted upon in Menefee county. The voters of Menefee are thoroughly alive to their interests and have voted a bond issue by a majority of about 800 votes. All praise to Menefee.

ADA JONES HERSELF TO APPEAR AT THE TABB

Every person owning a phonograph has at least one record made by the famous Ada Jones, the best known comedienne of the phonograph world. Then imagine the pleasure awaiting you, when Miss Jones appears in person together with her excellent company of singers at the Tabb Friday, May 13.

Miss Jones, who is a woman of mature age, impersonates perfectly, the country damsel, the Irish Colleen, the "fresh" sales lady, as well as the newsboy, the bowery tough girl, or a ducky maid. She has sung more to English speaking people than any woman in the world, and it is seldom that she appears in a town so small as Mt. Sterling.

The pupils of Miss Lida Goodpaster will give a piano recital Friday evening at 7:30 o'clock at the Baptist church. A cordial invitation is extended to all.

SPARE TIME EFFORTS BRING RICH AWARDS IN BIG PRIZE RACE

Over \$1,500 to be Distributed Among Popular People of This Section. Nominate Your Favorite. Campaign Starts Next Thursday with First Publication of Nominations

Next Thursday marks the opening of The Advocate's Big Prize Subscription Campaign in which approximately \$1,500 in valuable prizes will be distributed to the people of this section in exchange for spare time efforts. Many popular and ambitious people have already been nominated in the big race and it is quite likely that several more nominations will reach the campaign department before the first publication next Thursday.

It is a good idea to send in nominations at once so that they will appear in the first published list and your favorite candidate will get an early start in the big campaign. If you are good at picking winners, see what you can do in this big race. Select the name of some popular friend living in your neighborhood or elsewhere in this section whom you think would like a winning race and send in the nomination. We do not divulge the names of those making nominations, and by nominating these people you simply furnish them an opportunity to try for the prizes if they so desire.

The campaign is now in the nominating stage, but after next Thursday voting will commence in earnest. There are still a number of towns and neighborhoods that are not yet represented and we invite our readers to send in nominations from all parts of the surrounding territory.

The campaign is open to all white people of good character. To make a nomination, simply fill in the nomination blank found in this issue and bring or send to the Campaign Manager, care Advocate, Mt. Sterling, Ky. Supplies and full information will then be sent the prospective candidate.

The prizes chosen for this campaign are very desirable and worthy of your consideration. All these splendid premiums will be awarded to those securing the most votes and votes are given free on subscriptions and renewals, and on purchases at several different stores in this section.

Half the battle in a campaign of this kind is in getting started, but after you do and your friends learn that you intend to make an active race, you will find they will be glad to help you and you will have little trouble in securing a great many votes and subscriptions.

Under the liberal conditions which the campaign is conducted there is no need for anyone to hesitate about entering the big race for every candidate is sure of receiving some prize for his or her efforts. Those who fail to win one of the regular prizes will receive a cash prize consisting of ten per cent of the subscription money which he or she may turn in. In other words, "you win if you lose." And this big campaign furnishes you an opportunity to win a prize valued as high as \$875 without cost to you.

The nomination blank gives a candidate 1,000 free votes to start. The first new subscription—either new or renewal—entitles the candidate to a special ballot good for 10,000 extra votes if turned in before May 24th.

It costs nothing to enter or try for any of the prizes. You do not even have to be a subscriber in order to enter. You may enter your

own name or that of a friend. Lack of time need not keep you from success—it's the way you use what little spare time you have at your disposal that will bring you the prize you most desire. If you wish, you may conduct your campaign by mail and we will furnish you letters already printed for this purpose. If you have the average number of acquaintances you have just as good a chance as anyone.

If you have been thinking of entering the Big Race, step into the Advocate office and have a talk with the Campaign Manager, or telephone him and he will be glad to come to your home, help you outline your campaign, furnish you supplies and assist you in starting your campaign.

City High School News

The "Mothers' and Daughters' banquet was quite a success. It was well attended and enjoyed by both mothers and daughters. The banquet opened with a song, and afterwards there were the following toasts:

Remarks by toastmistress—Elizabeth McCoun.

Our Mothers—Lucile Bush.
My Mother's Words—Willie Mae Ringo.

The Girl of 1921—Mrs. Turner.
The banquet closed by singing: "Now the Day is Over," and each mother was presented with a carnation by her daughter. There were eighty-four seated at the long tables in the Domestic Science Department. The success of this banquet has caused the Y. W. C. A. to determine that it will hereafter be an annual event.

The Senior Play is ready for presentation tomorrow evening at the High School Auditorium at 8:15. It has been well casted and coached. Anybody who saw "The Admirable Crichton", which was coached by Mr. Herndon Evans, will realize that "The Amazons" will be a great success under his supervision, as well as Mrs. Turner's. The cast has put in some intense practice and they want the support of the public in this, the first attempt in the "Little Theatre" movement.

Methodists to Build New Sunday School

The congregation of the local Methodist church has decided to begin the erection of a modern Sunday school building right away on the lot back of the church. The building is to be a two-story brick structure and will be joined to the main church building. This building, when completed, will probably be the best equipped Sunday school department in town. This has been badly needed for some time, as the Sunday school has outgrown the present quarters, and the congregation is entering into the project with a zeal that insures success.

It is hoped to have the rooms ready for occupancy by early fall, and funds are now being solicited. They expect to raise \$12,000, but in case they do not get quite that much they will build as large a building as possible with the funds available.

VALUABLE RING FOUND

After all hope of its recovery had been abandoned, a valuable diamond ring, belonging to Mrs. I. F. Tabb, of this city, was found on Saturday last and restored to its owner. Mrs. B. Frank Perry, while at work in her flower garden on the property recently purchased from the Tabbs, discovered the glittering object which proved to be the ring lost by Mrs. Tabb over thirty years ago. The ring is of beautiful Marquise setting, containing seven stones and is in almost perfect condition.

N. B. Willoughby Dies in Lexington

Napoleon Bonaparte Willoughby, aged 84 years, and head of one of the largest families in this section, died yesterday in a Lexington hospital, where he had spent the past three years. A farmer and a well-known citizen of the Jeffersonville neighborhood, Mr. Willoughby was highly respected. The remains were brought here last night and taken to Jeffersonville for interment.

Sows Need Rest Before Spring Breeding Season

With the approach of the spring breeding season for hogs, farmers should make arrangements to have the nursing period for pigs completed and the sow dried up by at least one week before breeding time, which usually comes about the middle of May, according to recommendations made by animal husbandry specialists. One way to accomplish this is to cut off the feed of the sow and then supply more corn in the ration. If the sow is a heavy milker the pigs may be allowed to nurse once each day. After she has been completely dried up the feeding of a high protein ration will put her in good condition for breeding.

A ration composed of 30 pounds of corn, 30 pounds of oats, 30 of

middlings and 10 of tankage has been found to give good results, according to Prof. E. J. Wilford, of the Animal Husbandry Department of the College of Agriculture. Another good ration is composed of 50 pounds of middlings, 50 pounds of corn and ten pounds of tankage.

In preparation for weaning, which is best done when the young animals are about eight weeks old, the pigs may be given shelled corn in the bottom of a trough containing skim milk. If skim milk is not available the pigs may be fed the same ration which the sow is receiving when the pigs are weaned. This ration should be fed in form of a slop. After they have been weaned the pigs may be fed the first ration recommended for the sow until they reach a weight of 125 pounds.

The feeding of corn and tankage in a self-feeder is one of the best means of feeding young pigs that are to go on the early market, Prof. Wilford said.

"WICKED" DANCES BARRED BY FLORIDA HOUSE BILL

At Tallahassee, Fla., this week a bill is before the House that would curtail wicked feet which venture weird terpsichorean interpretations. The measure was introduced by Representative Riddles, and enumerates several of the contortions which would come under a ban, including the "Shimmy-she-wobble," "buzzard lope," "chicken-switch," "rabbie hop," "cheek-to-cheek," the "Philadelphia twist," and the "turntable gallop."

Adversity is often but the shadow of future prosperity coming from the land of the sunshine and thrusting its shadows before.

Marketgram

Grain — Prices trended upward during week, due to good export demand, light offerings strong cash market and small wheat stocks; Chicago available delivery May contract with price level too low to attract shipments from outside points. The only decline was on the 4th, as result of heavy liquidation of cash wheat by Kansas producers on account of upturn and belief by some interests that prices sufficiently high. Ingles reports show unfavorable crop conditions in Oklahoma, and other western states. Keen demand for cash wheat at seaboard. Oats damaged by reports from Oklahoma and Iowa. In Chicago cash market No. 2 red winter wheat, \$1.52, No. 2 hard \$1.57, No. 3 mixed corn 60c, No. 3 yellow corn 60c, No. 3 white oats 37c. For the week Chicago May wheat up 17 1/2c at \$1.44, May corn, 2c, at 59 3/4c. Chicago July wheat up 9 3/4c at \$1.15. July corn 2c at 62 1/2c. Minneapolis July wheat up 9 1/4c at \$1.21 3/8; Kansas City July 11c, at \$1.09; Winnipeg July 10c, at \$1.45 1/2.

Fruits and Vegetables — Sacked round white potatoes down 10c per 100 pounds at northern shipping points, closing 60@70c. Chicago car lot market at season's low point, 70@85c. Florida No. 1 spandling rose up \$1.25 per double head barrel in New York at \$9@9.25; up 50c in New York at \$8.25. Texas sacked Bliss Triumphs down \$1@1.25 per 100 lbs. Kansas City, at \$4@4.25; St. Louis, \$4@4.50.

Cold storage Baldwin apples up about 50c per barrel in city wholesale markets, New York stock mostly \$6.50@7 per barrel.

Hay—Market continues wear with prices somewhat lower in several of the markets. Receipts light and demand very limited. No. 1 timothy quoted May 4th, New York, at \$30; Chicago, \$22; Cincinnati, \$20; Atlanta, \$29; Memphis, \$26.50; No. 1 alfalfa, Kansas City, \$23; Memphis, \$28.50; Atlanta, \$33; No. 1 prairie, Minneapolis, \$16.50; Chicago, \$17; Kansas City, \$13.75.

Feed—Spot prices for mill feed firm in central and northwest, but weak in south and east. Demand very light. Linseed meal and gluten feed lower. Cotton seed meal held firmly at higher prices. Alfalfa meal and hominy feed weak. Spring bran quoted May 4, Philadelphia, \$24.50; Chicago, \$19; Minneapolis, \$16; standard middlings, Philadelphia, \$24; Chicago, \$18; Minneapolis, \$15; linseed meal, Minneapolis, \$92; New York, \$7; Kansas City, \$31; gluten feed, Chicago, \$26.50; Cincinnati, \$29.80; New York, \$34.12; cottonseed meal, Memphis, \$27; Atlanta, \$26.50.

Dairy Products — Butter markets unsettled; price tendency mostly downward during week. Trading not normal, otherwise tone of market would be firmer as there has been temporary shortage in some grades. Declines due to desire of trade to keep stocks moving in anticipation of usual increased spring production. Closing prices, 32 score: New York, 36 1/2c; Chicago, 30 1/2c; Philadelphia and Boston, 37c.

Cheese markets slow and business not up to expectations following the Monday decline on Plymouth, Wis., cheese exchange. Prices on most of the styles about 1c lower than a week ago. Undertone of markets is somewhat unsettled although there is more general feeling that prices

Livestock and Meats—Chicago hog prices underwent practically no change the past week. Fat lambs firm to 25c higher; feeding lambs, yearlings and fat ewes generally are steady. Beef steers and butcher cows and heifers up 25@50c; feeder steers, 15@25c. May 5th Chicago prices: Hogs, bulk of sales, \$8.10@8.55; medium and good beef steers, \$7.50@8.75; butcher cows and heifers, \$5@8.75; feeder steers, \$6.75@8.15; light and medium weight veal calves, \$8@10; fat lambs, \$9.25@11.25; feeding lambs, \$7@8.50; yearlings, \$8@9.50; fat ewes, \$5.75@7.25.

Stocks and feeder shipments reported from 11 important markets during the week ending April 29th were: Cattle and calves, 46,685; hogs, 7,096; sheep, 11,035.

With the exception of lamb and mutton Eastern wholesale fresh meat prices were generally lower. Beef declined 50c@1; veal, \$1.00; pork loins, \$1@3 per 100 lbs. Lambs steady to \$1 higher; mutton up \$1@2. May 5th prices on good grade meats: Beef, \$16@16.50; veal, \$17@19; lamb, \$20@24; mutton, \$16@18; light pork loins, \$23@25; heavy loins, \$16@20.

EDUCATIONAL TOOTH TALK—48 Delays Cost Money

It requires a long time for a tooth to reach that stage of decay where it is impossible to preserve it. But once the decay begins it is only a matter of time until the tooth is finally beyond redemption. Every day you delay going to the dentist adds more to the inconvenience, discomfort and expense that is surely piling up on you. Sooner or later you must go to your dentist or lose your teeth entirely. Why not make that visit now and thus save the penalties of further delay.—Dr. H. M. Wright, Traders Bank Building.

College of Agriculture Furnishes Good Advice

Roosters are causing Kentucky farmers an annual loss of \$950,000 in the form of fertile eggs, which spoil rapidly during the summer months and are therefore discriminated against on the market, according to a statement issued by the Poultry Department of the College of Agriculture in connection with "Rooster Week" which will be held May 23 to 28. Losses in eggs last year in the state were estimated to be \$1,500,000. This was a total loss on all eggs spoiled or graded below "firsts" by produce houses. Roosters running in farm flocks and causing fertile eggs are responsible for the largest single part in this loss, specialists in the department stated.

Fertile eggs are unfit for food after 24 hours in warm weather, according to the announcement made. An egg does not need to be placed in an incubator or under a hen in order to be spoiled as summer weather will cause chick development.

In connection with the campaign to kill, sell or confine all roosters during the summer months, farmers will be shown the need for killing all old roosters early in May and young roosters just as soon as they reach the frying stage. To further insure the production of infertile eggs, farmers will also be shown the im-

portance of confining all cockrels that are to be kept over for breeding purposes next fall.

SOOR STOMACH INDIGESTION

Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for soor stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's. E. 28

Good Care of Trees to Offset Losses in Fruit

In spite of the fact that freezing has ruined the possibilities for a heavy fruit crop in many Kentucky orchards, farmers can partially offset the losses which may be sustained by giving their orchards special care and attention during the coming summer, thereby encouraging a heavy production next year, according to specialists from the horticultural department of the College of Agriculture.

Pruning is one of the surest means of increasing crop production in many Kentucky orchards, the specialists state, and in order to help farmers in this work a special circular No. 92, has been published and is being issued by the college. The publication is a complete guide on pruning old trees and care of young ones and in addition to a number of general principles, contains all suggestions necessary in training and pruning apple, peach, plum, pear and sour cherry trees. It is also well-illustrated and contains a number of pictures showing where and how to make the pruning cuts and points to be guarded against in removing the branches and fruit spurs.

According to the circular, heavy pruning of the apple tree each year is to be guarded against, since such a practice results in an undersized tree with leafy branches and few fruit spurs. A number of principles are outlined to be followed in pruning apple trees. Suggestions are also given about care of such trees when they are taken from the nursery and the attention which should be given them when they are one and two years old.

The pruning of old apple trees should largely consist of correcting the crowded conditions of the lower part of the tree by the removal of old branches especially those which contain old worn-out fruit spurs.

Pear trees should be pruned practically the same as apple trees with the exception that the pruning be less severe since trees of this kind are smaller and usually grow more slowly.

Considerable space is given in the circular to the care of peach trees, methods being outlined from the standpoint of the young tree, the two and three-year-old tree and the bearing and neglected tree.

Plum trees should receive much the same kind of pruning as that given peach trees while cherry trees are best pruned when they are young.

The circular may be obtained free by writing the Experiment Station, Lexington.

NOTICE OF SPECIAL ELECTION

Notice is hereby given that pursuant to an order of the Montgomery County Court in the matter of G. H. Strother and others on petition, entered March 21, 1921, a special election will be held in Montgomery County, Kentucky, on Saturday, May 28th, 1921, for the purpose of taking the sense of the legal voters of said county as to whether or not the Fiscal Court of said county shall, from time to time, issue and sell bonds of said county in the sum of Two Hundred and Fifty Thousand (\$250,000) Dollars for the purpose of building, constructing and reconstructing public roads and bridges with asphaltum, concrete, brick, stone, block, macadam, gravel or other processes of equal merit, and at which election the proposition will be submitted in words and figures as follows, to-wit:

"Are you in favor of issuing Two Hundred and Fifty Thousand (\$250,000) Dollars in bonds for the purpose of building roads and bridges?"

Said election will be held at the regular voting places in each of the precincts of said county between the hours of 6 o'clock A. M., and 4 o'clock P. M.

THE SILENCER

The Advocate has been, with the aid of loyal patrons, making a stubborn contention against pessimists, those fellows that are of the opinion things are going wrong. Buds are just ready to blossom in full and give fragrance and a reviving influence to all around. Following is from a statistical report giving evidence that something is going on and as it is shown from these reports, so it is here. Music of the hammer and saw have silenced pessimists and this great country has risen Phoenix-like and donned the aggressive, with progress written everywhere. What we give is

a summary of construction activities in the South for ten weeks past, as reported by the Manufacturers Record:

Dwellings	\$ 4,910,984
Apartment Houses and Hotels	20,595,500
Bank and Office Buildings	5,781,950
Church Buildings	8,525,000
School Buildings	30,658,437
Store Buildings	3,361,500
Association and Fraternal	13,613,000
Roads Paving and Bridges	59,321,850
City and County Project	5,774,200
Sewers, Drainage and Water Works	11,028,907
Miscellaneous Enterprises	50,215,900

Total \$213,796,138
Contracts actually awarded during this period amount to . . . \$62,849,984

The South is awake to business interests and the figures above given show the confidence of Southern men in business matters and is proof of the good days now at the dawn. On the item of roads, paving and bridges alone contracts have been made in the South that aggregate \$20,000,000. These figures backed by the spirit of the times are sufficient to urge our people onward and upward during this progressive period. Each week shows an increasing amount, the total of contracts to be awarded, for the week ended April 22 having been over \$32,000,000 as against \$5,764,000 for the week of February 18. To us the future for business is exceedingly bright, with silence for the pessimist.

COMMUNITY SERVICE

At the invitation of leading citizens a representative of the Community Service was invited here for the purpose of explaining to the people the benefits of a local service, its methods of operation, etc.

That such an organization is worth while to any cultured people, in fact it is an element of culture, is evidenced by the eagerness with which many localities accept it. Does it refine and train for better things? Is there an expense to it? To both these questions we answer affirmatively. All things cost according to their value and we feel sure our people have permitted this organization, worth much to them, to slip and for the indifference leading to its abandonment. We will pay a price.

Red Cross News

The American Red Cross, in line with its humanitarian policy, undertaking a post-war, or peace-time service for humanity. The wounded and diseased soldiers are an especial object of its solicitude. Miss Marie Collins, field representative of the Red Cross, will be in this city on Thursday afternoon, May 12th, at the Woman's History Club rooms.

where she earnestly invites all those interested in this charitable work to meet her. Those who gave their time to the Red Cross work during the war and after are now asking that new hands take up with Miss Collins the peace-time work.

CLEAN-UP

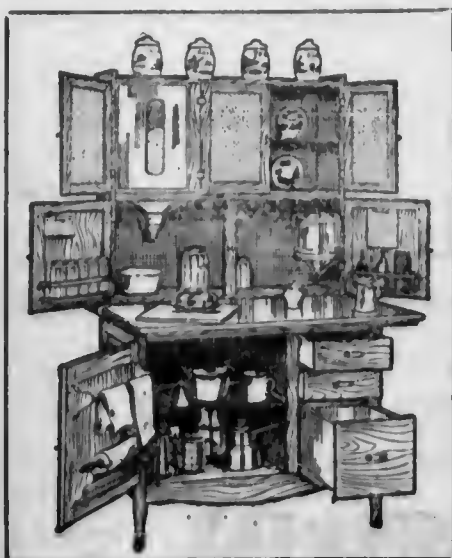

FURNITURE SALE

We have found in the many years that we have been in the furniture business that it is necessary, occasionally, in order to make room for stock, to put on a REAL CLEAN UP SALE.

THIS WEEK ONLY

It is hard to guess at just what the buying public will do. Many customers will pick one piece from a suite while others will possibly take two, and this will leave the other pieces on our hands and in this manner we will, in the course of a few months, get quite a supply of what we term odds and ends. Every piece is first-class in every particular. Many are special order pieces that for one reason or another have been refused by the customer. If you need a chair, a bed, a dresser, dressing table, buffet, chiffonier, chifforobe, or, in fact, nearly any piece of furniture used in the home, here is your opportunity to select just what furniture you need, be it little or much and at a most amazing saving in price.

The buying public in this section of the state is familiar with the character of furniture, rugs and house furnishings sold by us for more than a quarter of a century and we feel all that is necessary for us to say is that every article offered will be found to be just as we represent it to be.

We cordially invite the ladies to inspect our rug department, confident that this splendid display will meet with their approval as we are selling same at less than they can now be bought for at the factory. The biggest line in the city to select from.

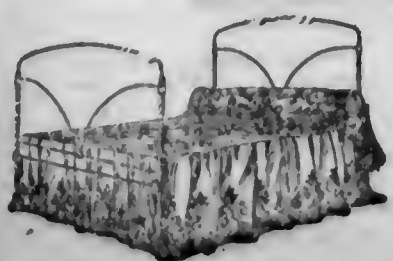

We urge our friends not to delay in coming to the store, but just as soon after reading this advertisement as you can, come to the store and make your selections.

The time is limited, the opportunity is NOW. The old adage "A dollar saved is a dollar made" is a true one. This sale presents the opportunity for saving if you will embrace it.

Miss VanAntwerp Entertains

Miss Betty B. VanAntwerp was hostess at a "Crazy Party" Friday evening, entertaining a number of her young friends at her home on West Main street. The guests appeared in the craziest sort of costumes, played the "craziest" sort of games and had the best time imaginable. Miss Agnes Stofor carried off the prize, her costume being voted the "craziest" in the bunch. At a late hour the guests were invited into the dining room, where a delicious supper of substantial and ices was served. Dainties were given as favors, and the young hostess was assisted in receiving and entertaining her guests by her mother, Mrs. Howard VanAntwerp and by Mr. L. T. Chiles, who appeared in costume.

Miss Graves' Recital

Miss Minnie S. Graves and her music class delightfully entertained their friends on Friday evening with a recital given in the auditorium of the Baptist Sunday school. The numbers given were most pleasing and the young musicians played with much grace and skill, reflecting credit upon themselves as well as their instructor.

Those taking part in the program were: Misses Edna D. Owings, Mary Catherine Redmond, Susan Gatewood, Virginia Ayres, Alma Cockrell, Marlene Cockrell, Angela Hainline, Jennie Mary Benton, Margaret Guthrie, Sue Barnes, Mary Bridgforth, Elizabeth Bogie, Judith Johnson, Elizabeth Collier, Rose Pritch, Clara Byrd Fassett, Mary Bruton Morris and Genevieve Settles.

Joins the Hosts of the Departed

On Sunday morning at 12:30 Miss Lucretia May, aged 77 years, died at the home of her sister, Mrs. C. H. Bryan. Miss May had been a resident of this city for nine years, having come here from Racine, Wis. The funeral was conducted by Arch Deacon, Dr. Wentworth, of Winchester, Monday morning at 10:30, after which remains were taken to her former home, Racine Wis., for burial. Remains were accompanied by Mrs. C. H. Bryan and son, P. D. Bryan and wife.

Miss May was a devout member of the Episcopal church, a bright, cheery and faithful Christian woman and had made close friends here. She is survived by one sister, Mrs. C. H. Bryan and one nephew, P. D. Bryan.

THE SICK

Mrs. Anderson C. Bogie is in Lexington under treatment at St. Joseph's Hospital.

NEVER FAILED TO GET FINE RESULTS

**Tennessee Woman Says Tanlac Re-
lieved Her Troubles Four Years
Ago—Still Feels Fine**

"Tanlac restored my health four years ago and I have not had a return of my troubles to this good day," said Mrs. Sallie Hoppers, of Hall Station, Tenn.

"I am sixty-five years old, and for as long as I can remember I had trouble with my stomach. My appetite was poor and what I ate soured on my stomach and gave me a bloated, distressing feeling. I had a sour taste in my mouth all the time and often it made me almost deathly sick. My sleep was not sound and restful and I was in a badly run-down condition, and felt weak and listless all the time. I tried medicine after medicine, without any results until I became badly discouraged.

"Finally my son-in-law told me about Tanlac and I tried it. Right away my appetite improved and my digestion got better and I could eat things I hadn't been able to touch in years. My strength and energy returned and I could sleep soundly at night. That was four years ago and I have enjoyed health ever since, for I make it a rule to take a bottle once or twice every year to keep my system in good condition and it has never failed to give me fine results. Tanlac is a grand medicine and I feel I am doing anyone a good turn by getting them to try it."

Special Registration

Notice is hereby given that, pursuant to an order of the Montgomery County Court in the matter of G. H. Strotter and others on petition entered March 21, 1921, a special registration will be held in each precinct in the city of Mt. Sterling, Ky., on Saturday, May 21, 1921, for the registration of persons entitled to vote at a special election to be held in Montgomery County, Ky., on Saturday, May 28, 1921, whose names have not been recorded on the registration books of said city for the present year. Said special election will be held for the purpose of taking the sense of the legal voters of said county as to whether or not the Fiscal Court of said county shall, from time to time, issue and sell bonds of said county in the sum of Two Hundred and Fifty Thousand (\$250,000.00) dollars for the purpose of building, constructing and re-constructing public roads and bridges with asphaltum, concrete, brick, stone block, macadam, gravel or other processes of equal merit, and at which election the proposition will be submitted in words and figures as follows, to-wit:

"Are you in favor of issuing Two Hundred Fifty Thousand (\$250,000.00) dollars in bonds for the purpose of building roads and bridges?"

Said registration will be held between the hours of 6 o'clock A. M., and 9 o'clock P. M., at the regular voting places in each of the precincts of said city.

Chenault & Orear, of Mt. Sterling, say:

The De Laval puts money in the bank

MONEY in the bank is the final test of any piece of farm equipment. It is especially true of a cream separator.

Butter-fat is the most valuable product of the farm. Twice a day, every day in the year, gravity skimming or a poorly constructed separator wastes this high-priced food.

A De Laval Cream Separator stops this loss of profit. It supplies the extra money that is needed for current expenses, improvements about the farm, or for the purchase of new stock.

More than 2,500,000 De Laval are in daily use throughout the world. These De Laval owners represent the most progressive and most prosperous farmers in every country and locality.

A De Laval Cream Separator will make your farm more profitable, too, and put money in the bank for you.

You can buy a De Laval on such terms that it will actually pay for itself while you are using it. Come in and talk it over.

**Sooner or later you will buy a

Women Take Lead In State Forestry

Take a look at Tennessee! That State has just passed a forest study law that it will be well for every state to look into. They are going to study forestry in the schools of that state now that the legislature has passed the law authorizing such work in conjunction with nature study of every kind.

The Nashville Art Association, aided by the educational campaign of the American Forestry Association at Washington, did it. The national tree voting campaign of the association was put on in every county in the state. The art women got busy with pictures and charts.

Tennessee has forests, but intends now to have some more. In this country we have 81,000,000 acres of idle land. That vast area can be put to work growing trees, the American Forestry Association points out. The forest fire bill of the country is around \$25,000,000 every year. There were fifty-one forest fires going on at one time in the State of Pennsylvania a week or two ago. This is WASTE with a Capital W. The American people are famous for it.

In Congress the Snell Forestry Bill is up, and it provides for co-operation with the states in forest fire fighting. President Harding has

proclaimed May 22-28 as forest protection week. Write your Congressman to vote for the Snell Bill.

What are we doing in this state? Tennessee is going to teach forest values from now on. Forest products enter into the cost of everything. Tennessee has done a good job. Is this state next?

ANOTHER MT. STERLING CASE

**It Proves That There's a Way Out

Folks**

Just another report of a case in Mt. Sterling. Another typical case. Kidney ailments relieved in Mt. Sterling with Doan's Kidney Pills.

W. H. Hall, 34 North Queen St., Mt. Sterling, says: "Last fall I was feeling all in and my kidneys showed they were out of order. My kidneys hurt and backache almost put me past going. I was so dizzy at times I couldn't stoop or straighten up. My head ached terribly. I had no ambition to do anything in the way of work. Seeing Doan's Kidney Pills advertised led me to go to White & Co's Drug Store and get two boxes. After using them the trouble left me entirely."

THE U. S. ROYAL CORD

A famous tire—and a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season.

The stripe around the sidewall is registered as a trade-mark in the U. S. Patent Office.

How you can measure tire value in 1921 —

"Any U. S. Tire is a universal full money's worth."

OFTEN it's surprising the number of different tire views that come out in a chance talk at the curb or in the leisure of a friend's garage.

Almost every day you come across the man human enough to believe he can outguess the cut-price tag on "job-lots," "discontinued lines" and "surplus stocks."

His opposite is the hard-pan car owner who sticks year in and year out to a standard brand as the only rational economy.

Many will remember the scarcity of U. S. Tires last year.

A hardship at the time, but a benefit now. There are no U. S. Tires to be worked off—no accumulations—no forced selling of any U. S. brand—no shipping of tires from one part of the

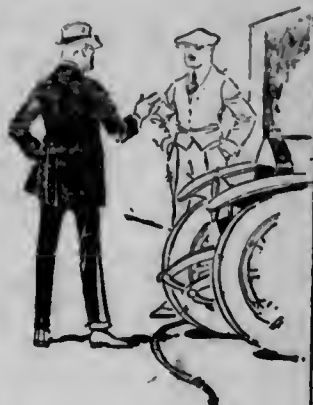

country to another to "find a market."

There are 92 U. S. Factory Branches. Each one gets its share of U. S. Tires. There is a broad, constant, even distribution of U. S. Tires always going on from these Branches to the dealer.

Buy a U. S. Tire anywhere—in a community of 500 people or even less—and you get a fresh, live tire of current production—with all the original service and mileage the factory put into it.

The owner of a medium or light-weight car stands on equal ground with every other car owner.

Any United States Tire is a universal full money's worth—backed up with a leadership policy of equal quality, buying convenience and price for everybody.

"The different tire views that come out in a chance talk."

Advertising Rates

In picking up a certain magazine last week we noted that advertising pages contained a \$6,000 ad for the lowly shoe string, another of the same size for a 15-cent can of smoking tobacco, another of higher price for the stuff that makes raisin pies—and mash, too; another even higher in price for a bar of soap and others far almost everything from invisible dress fasteners up

through the hosiery line to face lotions—and still there are a few who say it does not pay to advertise. If a manufacturer can carry a series of advertising costing hundreds of thousands of dollars a year to advertise a certain brand of shoe string or other nickel articles, what does advertising mean to the retailer? The word "advertising" is the distinguishing mark between the "store-keeper" and the merchant.—Standard, Waukon, Iowa.

In response to the inquiry of many telephone subscribers: "What can I do to help my service?" this advertisement is published.

The Right Way To End a Call

It is always good practice to close your telephone talk by saying "goodbye."

If you hang up the receiver without doing so, the party to whom you are talking may continue to talk or at least remain at the telephone, wasting his time and keeping the line from being used by somebody else.

The "goodbye" at the end of a telephone talk is an infallible signal to hang up the receiver without delay—it terminates the telephone talk gracefully and effectively, and when both parties hang up simultaneously it helps the operator in her work.

Soybean Crop Good for Kentucky Farmer

Because it is well adapted to Kentucky and yields a profitable return the soybean should become a staple crop in this State, according to specialists in the Soils and Crops Department of the College of Agriculture. It grows well on almost all types of Kentucky soil, while beans have always sold from two to three times as much per bushel as wheat.

On the Experiment Station farm at Lexington, as an average of nine years, the crop has yielded 20 bushels per acre in a rotation of corn, soybeans, wheat and clover, the corn yielding 56 bushels, wheat 27 bushels and clover hay 4,500 pounds. Twenty bushels of beans have with them about 2,500 pounds of straw, besides the leaves that fall before harvest. These, together, are equal to about four tons of manure for soil improvement, the specialists state. Beans that make 20 bushels per acre will yield at least two tons of hay having about the same feeding value as clover hay.

One objection to the rotation as named above is that the farmer does not usually wish to plant as many acres of beans as of corn. This may be avoided by using last year's cornfield for a variety of crops, planting soybeans on part of it, oats a little early corn, some tobacco and such other small lots as may be desired and then putting the whole field to wheat. Wheat has yielded an average of six bushels more per acre, after wheat than after corn on the Experiment Station farm.

FORDSON

\$625 f. o. b. Detroit

Steady, light, alert, power to spare, economical of operation. Watch a Fordson Tractor in action and you will wonder how those apparently contradictory qualities of strength, lightness, power and speed could ever be combined in one unit.

The Fordson's speed is available for hauling heavy loads for long distances. Its power is available for dragging plows or disc-harrows through the heaviest soil or for running the cutting-box, grinder or threshing machine.

We take pride in handling such a compact, portable power plant.

We are equipped with every facility for giving quick service for the Fordson.

turned from China and his letter is being sent to all ministers in Kentucky as matter for the basis of sermons during China Famine Week, which opens tomorrow:

His letter to Dr. Mullins follows in part:

"Our churches and higher educational institutions, and many of our business men and travelers, know the Chinese well from contracts with them for more than a century, but the man in the street is not so well informed. They possess most of the homely virtues. Besides being peaceful, they are industrious, sober and economical.

The Chinese are especially friendly to Americans, who in turn, admire their loyalty, their philosophy and their sense of humor, their learning, and their love of art. Their ancestor worship is just another method of saying "Honor thy father and thy mother." Respect for learning is universal.

Floods, followed by succeeding drouths, have left many millions of them in danger of starvation. We have received many thousands of contributions, but many of the Chinese still stand in dreadful need of further assistance from the United States.

"No American can return, like myself, from China without being thrilled with the great and abiding qualities of character and persistence shown by the Chinese people, without being animated by a real affection for that people so far distant from our shores."

The City Hick Falls for Another

Human nature being human nature, the city man falls for the faker as often as the country man—in fact, much oftener, because the vast majority of fakers operate in the cities.

Now there is John Muller, of Philadelphia—population sixteen or sev-

enteen hundred thousand. John answered one of those correspondence school detective ads that give you lessons in plain and fancy detecting, and in a month or two he acquired a diploma, badge, pair of handcuffs, with instructions, and for the pre-war price of \$7.50.

Thus equipped, "Detective" Muller went out in "disguise" one day, and found a bunch of amateur baseball fellows in a park, quarreling with the umpire. Muller took the field and attempted to settle the trouble according to Lesson 21, but was invited by one of the ball players to beat it.

Then he produced his badge, as advised in Lesson 9, when another ball player slammed him on the nose. Other members of the team followed suit. The amateur detective reached for his handcuffs, but there was no one who would wear them.

When a policeman reached the scene it was plain that something had gone wrong with correspondence school detecting. Finally the officer rescued Muller from underneath the pile, and took him to a cooler for

safekeeping and renovation.

Anybody with brains can learn to be a good detective, but nobody did it in three months and very few in three years.

PHONOGRAPH STRA, ADA
JONES, COMING SOON

An event that all lovers of the phonograph will enjoy and treasure is the coming to the Tabb Theatre on May 13th, of America's best known and best liked comedienne, Ada Jones in person with her own company of high class artists. The press and public concede Ada Jones to be in a class by herself and she has never appeared to better advantage. The Paramount Musical & Lyceum Bureau of New York had little hopes of luring this fascinating star away from Broadway, where her presence is always in the greatest demand. However, they finally persuaded Miss Jones to take the present tour, which has been the biggest success of her brilliant career. Ada Jones brings with her a company of first-class artists.

GOOD TOBACCO WILL BE WANTED

In order to induce the people to use V.-C. Fertilizer and make fine tobacco, the V.-C. Co., the largest fertilizer company in the world, has just made a big reduction in prices, and I can now sell you our V.-C. Gem Tobacco Grower at \$38.50 per ton, F. O. B. Lexington and \$2.60 per bag for our V.-C. Plant Food.

Another common crop of tobacco would certainly bring ruin to the tobacco growers and to the tobacco trade, while a medium size crop of good, bright tobacco will be needed, and will no doubt bring good paying prices. 200 pounds of our Gem Tobacco Grower drilled in, or by the side of the row, gives your tobacco a start and ripens it up with good color two weeks sooner, and only costs \$3.85 an acre; or three bags, 375 pounds drilled in all over the ground, will make you a fine tobacco crop and also make you a fine wheat or rye and grass crop following it. Either one of these crops will more than pay for the fertilizer. See that your plants are not killed.

A party that used three bags in this way made 13,875 pounds on ten acres and sold it for \$40.14 average this season.

A little of our Plant Food sowed over the bed and after they come up, and wished in, will give you plants two weeks sooner.

Two bags will double the yield of one acre of potatoes.

Terms this year are positively cash.

WHAT DO YOU THINK?

Tightwads Right
Sifting Ashes
Silk and Soda
Trick Salesmen

AN EDITORIAL ON BUYING

THRIFT is so admirable and necessary a virtue, and so often lacking in the best of mortals, that too much cannot be said in praise of it.

But there is a form of thrift—and we are moved to suspect it is a very common form—which is even worse than prodigality.

For example—the silk-stockinged shop girl whose lunch is a soda. Or the “bargain type” woman with her house full of junk.

Or the “tightwad” at home who, outside, is a “spender.”

Or the “hall room” boy who sports a flivver.

They are all “thrifty” in a way—these people—but what do you think of their form of thrift?

NEVER before, perhaps, has thrift engrossed so large a part of the nation's thoughts as at this moment.

Enlightened minds, the country over, are urging it strongly as the cure for “what ails us.” And, to a large degree, we believe they are right.

An intense form of thrift or economy has been a marked characteristic of the buying public for many months now.

And it has led to conditions which are almost as bad, if not in some respects worse, than the spendthrift tendencies which gave way before it.

In many places throughout the country today standard articles of merchandise are selling at prices which represent opportunity for real saving by even the thriftiest purchasers.

If the buying public will now adopt a wise attitude toward their merchandise needs, the benefits of this readjustment will be felt immediately—on this side of the Atlantic, certainly.

“Thrift,” in its common sense form, should be encouraged, and it is both thrift and common sense to take advantage of the buying opportunities which are presented now.

GOOD sense buying is, in every respect, as fine a form of thrift as exemplary saving.

Whether it be in the purchase of household goods, or wearing apparel, an automobile, or bonds for investment, if intelligent thought is behind the purchase, the net result is bound to be saving.

Intelligent thought in buying, however, is not merely the thought which looks only for bargains.

It's the thought which knows the value—its relation to price, and, above all, its relation to advertising.

For, as every buyer of intelligence knows, advertising is really the buyers' insurance.

The inevitable result of advertising, always, is to raise quality and lower price.

Whether they be soaps, or silks, or safety razors, or raisins, if they are advertised brands, they have to be right.

Right in quality and right in price. For their profit is made through volume of sales.

And thus it is, too, with the advertised store.

No “dead stocks” are likely to litter the shelves of that store. You will find no “trick” salesmen behind its counters. It's a “money back” store, “if the goods are not right.”

WE urge our readers to ponder these facts. For as they decide, so will others decide.

The brightest future ever opened by an all-wise Providence to the people of any nation beckons to us alluringly at this very moment. A decisive move forward, and that future is ours.

But first we must “put our house in order.” And normal buying will do just that.

Let us stop “sifting ashes” and make that move forward.

Produce Review

Poultry prices are firm and some advance in values has been noted late in the week. Current marketings have not been sufficient to take care of the demand.

A general “Swat the Rooster” movement is now on throughout the producing states and it is expected the marketing will continue during the next three or four weeks.

Cream production is increasing and the American Association of Creamery Butter Manufacturers report an increase of 43.9-10 per cent in the butter manufactured for the week ending April 29th, as compared with the same week last year.

There is no immediate prospect of foreign butter arriving in this country as the domestic production will probably be sufficient to take care of all requirements for current use, and storage. Prices are closing about the same as last week.

With the approach of warm weather the United States Department of Agriculture has issued a bulletin urging farmers to produce infertile eggs. The government pamphlet points out that eggs of this character are worth more money and adds a number of other instructions for increased production and less spoilage. It follows:

Do you know that your eggs will be worth more money if you

1. Produce infertile eggs by removing the roosters from the flock in the summer time?
2. Provide clean nests and keep eggs clean?
3. Do not wash eggs?
4. Gather eggs twice daily during the summer, to prevent them from being heated by the hen?
5. Keep them in a cool, dry place, away from flies?
6. Market them at least twice a week?
7. Insist that they be bought on a quality graded basis.

Egg values show but little change during the week except that from some sections they show the effect of warm weather and such stock sells at a discount under the better qualities.

PHONOGRAPH ARTISTS WITH ADA JONES COMING SOON

The best known comedienne of the phonograph world will be at the Tabb Theatre Friday, May 13th, and in whom everyone will be interested; a woman who probably sang songs to more English speaking people than any other woman in the world. The visitor is to be Ada Jones (herself) in person with her own high-class supporting company. Whether Ada Jones' impersonation be that of a darky maid, a “fresh” sales lady, a cowboy girl, a country damsel, Mrs. Flannagan or an Irish Colleen, a bawdy tough girl, a newsboy or a grandmother, it is a perfect one of its kind. To all phonograph lovers this is a rare treat to hear and see Ada Jones and her own company.

You Can't Saw Wood With a Hammer

Neither can you win the \$875 Ford Sedan or one of the other valuable prizes offered in the Advocate's big \$1,500 Prize Campaign unless you make up your mind to make a start in the big race. Such being the case, why not send in your nomination at once and get an early start in the big race?

The campaign is open to all white people of good character. It costs nothing to enter or try for any of the prizes and there is no chance to lose—every active candidate gets something for his or her efforts. Lack of time need not keep you from success—if you wish, you may conduct your campaign by mail and we will furnish you letters already printed for this purpose. Supplies and full instructions will be sent the prospective candidate upon receipt of nomination blank. Enter your name or that of a friend today.

Questions and Answers

From the inquiries which have been received the past few days it is evident that many people do not quite understand the details of the big campaign and for the benefit of our readers we give below a number of questions that have been asked, and others that are likely to be and the answers to same.

Q. Who may enter the campaign?

A. Any white person of good character—Men, women, boys and girls.

Q. Does it cost anything to try for the prizes?

A. No. Neither do you have to be a subscriber in order to enter or try for the prizes.

Q. How do I enter the campaign?

A. Simply clip, fill in, the nomination blank found in this issue, with your name or that of a friend and bring or send to the Campaign Manager, care Advocate, Mt. Sterling, Ky. Supplies and full information will then be sent the prospective candidate.

Q. May I enter my own name?

A. Yes. Or you may enter the name of some friend or friends whom you think might like to win one of the prizes. We do not divulge the names of those making nominations, and by nominating your friends, you simply furnish them an opportunity to try for the prizes if they so desire.

Q. How will the prizes be awarded?

A. To those getting the most votes.

Q. How are votes secured?

A. They may be clipped from the paper or are given free on subscriptions, on news items and at several of the various stores in this section.

Q. Where do I deposit the votes?

A. In the ballot box at The Advocate office, or they may be sent by mail to the Campaign Manager.

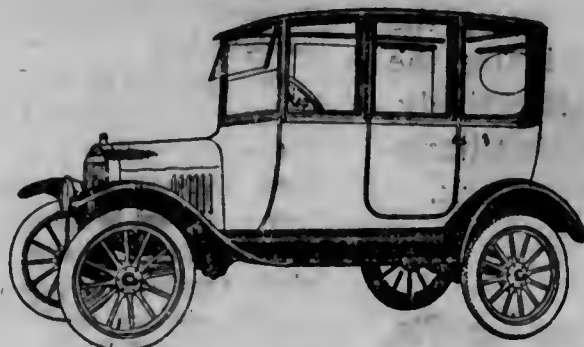

Q. What are the prizes offered?

A. A Ford Sedan, Vacation Trips, Brunswick Phonographs, Chests of Silverware, Diamond Ring, Elgin Watches, McDougal Kitchen Cabinets, Hoover Electric Sweepers, Pony and cash prizes.

Q. Am I sure of getting some prize?

A. Yes, every candidate gets something for his or her efforts—either one of the regular prizes or a cash prize. Under the liberal conditions which the campaign is conducted every active candidate wins.

FIRST GRAND PRIZE

An \$875 Ford Sedan

To be purchased from Strother Motors Co. Given to the candidate who secures the greatest number of votes during the campaign

SECOND GRAND PRIZE

Choice of a

Diamond Ring or a Pony

Or a

Vacation Trip to Cedar Point

THE DISTRICT PRIZES

The Territory of the Campaign has been divided into two districts and there will be an equal number of district prizes awarded to each district. After the grand prizes have been given out the district prizes will be awarded as follows:

FIRST PRIZE—EACH DISTRICT

A \$125 Brunswick Phonograph

Purchased from W. A. Sutton & Son

SECOND PRIZE—EACH DISTRICT

Choice of a

McDougal Kitchen Cabinet

Or a Hoover Electric Sweeper

To be purchased from W. A. Sutton & Son

THIRD PRIZE—EACH DISTRICT

A Chest of Silverware

Purchased from Bryan & Robinson

FOURTH PRIZE—EACH DISTRICT

An Elgin Watch

Purchased from Bryan & Robinson

THE CASH PRIZES

One particularly good feature about the campaign is that there will be no losers. Every candidate receives some prize for his or her efforts. If you fail to win one of the regular prizes you will be paid a cash commission of 10 per cent of the subscription money you turn in. Under these liberal arrangements there is no need for anyone to hesitate about entering the big campaign.

Questions and Answers

Q. How is the territory divided?

A. Into two districts and an equal number of district prizes will be awarded to each district. For the district prizes you compete only against those who may enter from your own district.

Q. Does it cost anything extra to get votes?

A. No. Simply ask for them at the time of payment—votes are free.

Q. Are votes transferable?

A. Absolutely no. Neither can they be bought. They must be secured as announced in the paper.

Q. Is it hard to get votes?

A. No. The hardest part is to get started, but after you do and your friends learn that you intend to make an active race, you will find they will be glad to help you, and you will have little trouble in securing a great many votes.

Q. When is the best time to enter?

A. Right now, so you can get an early start. However, nominations will be accepted up until the last few days.

Q. What does the nomination blank count?

A. 1,000 free votes to start.

Q. Are extra votes given on the first subscriptions?

A. Yes—on the first three subscriptions, either new or renewal, turned in for or by a candidate before May 24th, 30,000 extra votes will be given free.

Q. Will other extra votes be given during the campaign?

A. Yes—the complete schedule of regular and extra votes will be sent all active candidates.

Q. Do you furnish receipt books?

A. Yes, also other supplies necessary for yourself or for friends who may wish to help you.

Q. May I conduct my campaign by mail?

A. Yes, if you wish, and we will furnish you letters already printed for this work.

Q. Where do I send nominations?

A. Send all nominations, subscriptions, votes and communications to the Campaign Manager, care Advocate, Mt. Sterling, Ky. Or, better still, come in and have a talk with him. He will be glad to explain the details of the campaign and assist you in outlining your campaign so your efforts will bring the best results. If there is any point you do not quite understand, do not hesitate to write him or call at his office.

The fact of the matter is that in The Advocate's Big Prize Race you are being offered the greatest list of premiums ever given away by any newspaper in this section; that if you do not send in your nomination and get started in this mammoth gift enterprise, you are overlooking a “chance of a lifetime” to win one of these costly prizes. With everything to win and nothing to lose, why not get your campaign started at once. Send for the supplies today.

American Legion News

It would be difficult to create an atmosphere more favorable to the American Legion than that which attended the birth of the son of Mr. and Mrs. Jack Loomis, of Nashua, N. H.

His father served in the Medical Corps during the World War; his mother was a yeoman; the attending physician was a Medical Corps captain and the nurse was an army nurse. All four adults are members of James E. Coffey post of the Legion.

When Rene Viviani returned to France he brought to the French people a lively appreciation of the work of the American Legion, as attested by a wireless message to the ex-service men's organization. The message, in part, read:

"Before returning to France, I cannot refrain from expressing my affectionate greeting to the American Legion, to its National Commander, Colonel F. W. Galbraith, Jr., and to the commander-in-chief of the American Expeditionary Forces, my beloved and valiant friend General John J. Pershing.

Fifty-eight charters were granted to units of the Women's Auxiliary of the American Legion during the week ending April 23, Legion national headquarters reports. Pennsylvania led with eight units organized; Iowa and Kansas tied with six units each and New York was third with five units. There are now 2,671 units of the Auxiliary in the United States and territorial possessions.

One of North Dakota's highest-ranking buck privates has joined the staff of field representatives of national headquarters of the American Legion. He is C. L. Dawson, Beach, N. D., chief clerk of the North Dakota legislature during its last session and state commander of the Legion. Although past middle age, Mr. Dawson enlisted as a private in the Balloon Corps, served fifteen months at Fort Omaha and was discharged as a private first class.

I. W. W.'s may be excluded from Kansas through an interpretation of the anti-syndicalist law fathered by the American Legion and passed by the Kansas legislature in 1919. The decision will be made in the hearing of an injunction suit against members and organizers of the I. W. W. before a district court in Eldorado.

Stars of motion pictures were the guests and performers for Los Angeles, Cal., Post No. 8, of the American Legion at an entertainment and smoker. The mayor of the city made an address. Among the screen favorites who fraternized with the veterans were Harold Lloyd, Carter de Haven, Jackie Coogan, juvenile lead with Charlie Chaplin, and Jack Coogan, father of the young movie star. Praise of the ideals and purposes of the American Legion was voiced.

by Chin Yun-peng, premier of China, a speaker at a dinner given by the Legion post in Peking. Other guests of the foreign post were Admiral Sah Chen-ping, Chinese minister of the Navy; Charles B. Crane, American minister to China, and Major General Crozier, retired head of the Ordnance Department, United States Army.

"My name is Smith and my bndy's name is Brown. I've bet him a trip to the next American Legion convention at Kansas City that there were more Smith than Browns in the army during the World War. Who wins?"

This query was received by the Washington bureau of the American Legion News Service from a member of an Oklahoma post. The answer was:

"You win, buddy Smith, by 3,900 majority. There were 51,900 Smiths in the army and only 48,000 Browns. It's a good thing, though, that you didn't get into a bet with one of the Johnson tribe, who numbered 53,200 in Uncle Sam's Army."

"May God bless and reward the American Legion and give it strength to continue its good work," is the sentiment expressed by Mr. and Mrs. Walter S. Hawkins, of West Philadelphia, Penn., in a letter to Miss Ray Sawyer, executive secretary of the Legion's Women's Auxiliary in New York, thanking the Legion for its aid in bringing the body of Jas. A. K. Hawkins, a son, from El Paso, Texas, to Arlington Cemetery, Washington, D. C. When the body arrived in New York City it was met by a delegation from Marine Post of the Legion, who brought floral offerings and made arrangements for shipping the remains to Washington, where the Marines held a military funeral. Mr. Hawkins, a former member of the 6th Marines, died from tuberculosis brought on by pneumonia contracted in the service.

The complete fire department of Crystal Springs, Miss., has been turned over to the local post of the American Legion by the city's board of aldermen. The commander of the post formed a fire fighting unit from his membership and the Legionnaires are holding regular drills and exercises to become proficient in handling fires.

Bradley Entry Wins One-Two in Derby

Behave Yourself, coupled in the betting with Black Servant in the Pari Mutuel Machines as the Bradley entry, won the rich historic event known throughout the world as the Kentucky Derby Saturday, the opening day at Churchill Downs at the excellent price of \$19.30 to a \$2 ticket. The Bradley colt had the inside position at the post, but in the get-away fell back to ninth position in the first three-quarters, the other Bradley entry, however, never being farther back than second position. On rounding the last turn into the stretch Behave Yourself moved up steadily and determinedly, passing the best three-year-olds ever entered in any turf classic, including Careful, Tryster, Leonardo II, Star Voter and others, and then fought it out with his stable companion, Black Servant, which gave him the hardest drive of his career, yet managed to get his head in front of the son of Black Toney, and won the coveted prize and honor. C. Thompson rode Behave Yourself and Black Servant was ridden by Lawrence Lyke, each of whom were presented with \$3,000 for their excellent rides. The Derby itself was worth \$38,450 for the winner and \$10,000 for second place.

Mason County Bankers Organize

The bankers of Mason county have followed the precedent set by the Boone County Bankers' Association and have organized the Mason County Bankers' Association. These county associations are proving to be a wonderful help, as they operate practically the same as a Clearing House association, except they do not attempt to clear checks.

If every county in the state would form an association, it would prove very beneficial in solving perplexing problems that arise from time to time. As an example of what a county organization can do we publish below a copy of a notice regarding overdrafts, sent out by the Mason County Bankers' Association:

"To The Public:
"We want to serve and help and please our customers in every way we possibly can, but it is not reasonable to expect us to violate the law and disobey the rules of the State Banking department and the Comptroller's office in order to do so. To persist in doing so means trouble and loss to both ourselves and customers. We are, therefore, compelled to announce that hereafter we will not be able to pay the checks of any one unless there is sufficient funds to the credit of the drawer of the check to meet same.
"We do not wish to embarrass anyone, and are therefore publishing this notice, and caution all to be sure that you have the money with us before drawing a check upon us in the future. Please do not expect us to violate the law in order to accommodate you. We cannot do it. To save us and yourself future embarrassment, please don't draw any checks upon us unless you have money deposited with us to meet same."

Marry in Lexington

Miss Elsie Perry, lovely and accomplished young daughter of Mr. and Mrs. Tom Perry, was married in Lexington last Wednesday to Joe E. Prewitt, of this county, the ceremony being performed by the Rev. I. J. Spencer at his home. The families and friends of the young couple were taken completely by surprise, so well had they kept their secret. The bride is an attractive and popular young girl and comes of Montgomery's most prominent families. Mr. Prewitt is the son of Mr. and Mrs. Ben Prewitt, of near Spencer, and is an energetic and successful young farmer. Mr. and Mrs. Prewitt, after a short bridal trip, returned to this county, where they will go to housekeeping near Spencer.

Accident Proves Fatal

While at work on the road on the Paris pike late Thursday afternoon, Frank Pieratt, of this city, sustained injuries which resulted in his death. Young Pieratt was standing on a board above his traction engine, which broke under his weight, throwing him against the machinery. His left leg was ground off at the hip and he was also internally injured. He was brought to the Mary Chiles Hospital, where he died shortly after being received. The engine causing Mr. Pieratt's death was part of his own equipment, with which he was doing some ditching on state aid work, being employed by the day. Mr. Pieratt is survived by his

wife and three small children, who have the sympathy of the entire community in their great sorrow. Funeral services were held at the grave in Macphelah cemetery at 2 o'clock Saturday afternoon, and were conducted by Rev. Clyde Darsie, of the Christian church.

SPLENDID BALL TEAM

The Colored Base Ball Team, an organization of colored players, have one of the best teams that ever played in this city. They haven't lost a game in the six they have played this season and are in splendid shape. In their game with Owingsville Sunday the score was 4 to 3, in favor of Mt. Sterling.
